Graduate Nurse Recessional

Student Speaker

John Faustin

Associate of Science in Nursing

John was born and raised in Haiti and always wanted to be in medicine since he was little. He was not quite sure which route he wanted to take throughout college; so he decided to start working as a CNA a few years ago and found nursing was the right path for him and his goals. John plans on continuing his education in nursing to attain greater knowledge and provide the best care possible for his patients.

Nurse Pinning

The nursing pin is a symbol with a rich history dating back to the Maltese Cross. The Crusaders wore the cross as a symbol of service to Christianity. Over the centuries various symbols represented service to a ruler or to the community. As a result of Florence Nightingale's influence, the importance of "nurses' training" was recognized and hospitals began developing programs. The Nightingale School of Nursing at St. Thomas's Hospital in London designed and awarded a badge with a Maltese Cross to the nurses as they completed their program. Source: Mary W. Rode (1989),
